**Manuf Code:** EES-H-RC-T-XF-XA-ISO8-06-P28540

**Recommended For:** ISO 8 clean rooms

**Use In:** ISO 8 clean rooms, technical settings

Available via standard shipping

## Key Features

---

**Height Compatibility:** High Bench (H)

**Seat Size:** Medium

**Back Size:** Medium

**Base:** Steel / Tubular Steel

**Finish Color:** Black Powdercoat

**Seat-Height Adjustable Range (in.):** 25-32

**ISO Clean Room Standard:** ISO 8

**Upholstery Type & Color:** Grade 2 Black Vinyl  
P28540

**Recommended User Height:** for work surfaces 37" to 44"

**Seat Description:** Ergonomic upholstered seat with four-way contouring and internal seat board bumperguard; measures 18.5" wide x 17" deep x 3" thick.

**Back Description:** Upholstered backrest with lumbar support and plastic protective panel; measures 15.5" wide x 14.5" high.

**Control Description:** Control allows function of the seat height activation and backrest adjustments by means of easily engaged levers which can be activated from the seated position. Seat tilt is fixed at 3.5° rearward while the backrest adjusts 8° forward and 13° rearward.

**Base Description:** Small, five-legged base with caster-to-caster diameter of 23.0" and maximum width of 22.8". Welded 1" x 14-gauge steel tubular legs withstand test loads of 2X BIFMA strength requirements. Features standard 50mm, steel-reinforced, tapered hub, and a 21" affixed steel tubular footring welded to top of legs at 8" above floor height. A reinforced nylon insert at the end of each leg accepts a caster or glide stem. The welds at the hub are concealed by a two-piece, polypropylene cover.

**Footring Description:** Includes 21" affixed steel tubular footring welded to top of legs.

**Caster Glide Description:** Two inches in height, with dual soft-wheels. Casters resist movement when the seat is unoccupied. Plastic collar around caster stem to match base. Standard casters have grey tread.

**Weight Capacity:** 300

## Additional Info

---

Elite Series seating model outfitted with critical use performance packages are engineered for use in technical environments in a variety of industries.

This chair features an ISO 8 clean room performance package and is designed for use in 37" to 44" high benches. Features include easy pneumatic seat height adjustments from 25" to 32", an ergonomic seat with four-way contouring and internal seat board bumperguard measuring 18.5" wide x 17" deep x 3" thick, an upholstered backrest with lumbar support and plastic protective panel; measures 15.5" wide x 14.5" high. The seat and back are covered with Grade 2 black vinyl upholstery. The chair rests on a rugged 23" diameter tubular steel base with a 21" diameter affixed footing with dual-wheel, non-marring polyurethane casters that resist movement when the chair is unoccupied. Metal parts have black powder-coat finish.

Complies with product safety and performance standards guidelines as established by the American National Standards Institute (ANSI) and Business Institutional Furniture Manufacturers Association (BIFMA).

Meets CAL 117 fire retardant standards. LEED compliant.

Backed by a 13-year warranty with lifetime warranty on pneumatics.
